

The Challenge

A deteriorating relationship with CornerStone Staffing's drug screening provider necessitated a change. Wait times were long in some cases, and employees had to sit in a waiting room full of other people with various ailments. It was a problem that had to be fixed since drug screening is required by most companies in the HR & Staffing industry.

The Solution

By partnering with Fastest Labs, CornerStone Staffing experienced cost savings and far superior productivity. CornerStone Staffing enjoyed an immediate improvement in customer service and timing. Drug test results began coming back before employees even left the Fastest Labs parking lot, and wait times were drastically reduced. CornerStone Staffing found that they have a stronger response rate from applicants when they know they will be in and out within 5 minutes versus waiting for over an hour to complete the drug screen.

The Customer

CornerStone specializes in servicing a wide variety of industries including Office Professional, Accounting, Finance, Call Center, Healthcare, IT, Engineering as well as many others. CornerStone currently has 11 offices across the metroplex to serve your needs. Whether you are looking for workforce management solutions, a professional temporary employee to cover for a vacation, or a long-term partner to handle your staffing needs; CornerStone stands ready to assist.

Industry: HR & Staffing, Business Services

"We have used Fastest Labs, or their affiliates, all over the state of Texas. You are our primary vendor."

"From day one, Fastest Labs was the perfect partner for CornerStone."
